REFRESHER

If you are an entry level diver and have not dived for more than 2 years, then we require you to have a brief refresher in shallow water followed by a dive with your own Divemaster as your first dive.

15.000

All divers must provide proof of certification and complete a liability release before diving. Dives not completed due to illness, ear problems etc. are nonrefundable. Equipment lost or damaged by the diver will be charged at replacement prices in Tanna. Dive sites are chosen daily based on conditions and the experience level of the divers on the trip.

LEARN TO DIVE

DISCOVER SCUBA DIVING (half day)

Experience the thrill of scuba diving and the underwater paradise of Tanna under the close supervision of an Instructor. After a short briefing it's off to the pool to practice in shallow water before heading out onto the coral reef for a real dive.

15.000

PADI SCUBA DIVER

Not enough time to do the 3-day PADI Open Water Diver course? Then choose the 2-day PADI Scuba Diver Course as your introduction to the Underwater world. The first day will be pool training followed by two training dives on the 2nd day.

40.000

PADI OPEN WATER DIVER

Go all in and achieve your full certification as a PADI Open Water Diver, the world's most sought entry level diving qualification. You complete your self-study dive theory online in your own time and language then join your PADI instructor for 3 days in the water with shallow water practice and 4 reef dives. You are then a certified diver for your lifetime!
